Student and School Sponsorship Programs

2009-2010

Children in the Dominican Republic, Haiti and Kenya need **YOUR help to get an education!**

In some areas, there are public schools, but many are too distant or already full. In other areas, there are expensive private schools. Young children are often left home alone by parents seeking work.

The Foundation for Peace is trying to

meet the needs of children in these areas by partnering with communities to build schools.

The ***Dominikids, Haitikids and Kenyakids Sponsorship programs*** fund tuition for teacher salaries, as well as other necessities, to keep these schools open in impoverished areas for a cost of \$12.50 per month (\$150 per year). The school sponsorship program in the Dominican Republic and Haiti supports schools while we do not yet have the infrastructure for a student sponsorship program.

We are also asking sponsors to consider donating \$10 toward vitamins for students and teachers in our schools and \$10 for our administrative costs. If you choose to cover the administrative cost, your entire \$150 donation goes to those in need.

Our ***Advance Education*** program makes the dream of a ***High School and College education*** possible. Sponsors provide tuition assistance to college students who usually work and attend school part-time. These students strive for goals which are only achievable with the help of sponsors like you. All but \$20 of your donation to "Advance Education" students goes directly towards tuition.

The FOUNDATION FOR PEACE is a 501(c)(3) not-for profit organization founded to work hand in hand with people in materially impoverished areas of the Caribbean and Africa.

We who live in abundance are meant to promote peace and instill hope by sharing our time, talents, and resources with those who hunger, thirst and suffer from economic oppression and a lack of educational opportunity.

It is our belief that working together as long-term partners in solidarity will result in sustainable and successful initiatives that relieve the effects of poverty, encourage personal growth, and overcome injustice.
